The image shows a standard EU energy label for a Hitachi monitor. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and model number "24HAE2250" are printed. The main part of the label is a scale of energy efficiency from A (green) to G (red). The monitor's rating is F, indicated by a black arrow pointing to the 'F' bar. Below the scale, the energy consumption is listed as "22 kWh/1000h". Underneath, there is a section for "HDR" with a scale from A to G, also showing a rating of "22 kWh/1000h". A monitor icon shows dimensions: 1366 px height, 768 px width, 60 cm diagonal, and 24" diagonal. At the bottom, there is a barcode and the number "50551073". A small date "2019/2013" is printed vertically on the right side.
