The image shows a standard EU energy label for a Hitachi monitor. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and model number "24HE2101" are printed. The central part of the label features a vertical scale of energy efficiency classes from A (green) to G (red). An arrow points to class F, which is highlighted in black. Below the scale, the energy consumption is listed as "22 kWh/1000h". A diagram of the monitor shows its dimensions: a width of 1366 px, a height of 768 px, a diagonal of 60 cm, and a size of 24 inches. At the bottom, there is a barcode and the number "50550099". The date "2019/2013" is printed vertically on the right side.
