The image shows a standard EU energy label for a Hitachi television. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and model number "43HK6100" are printed. The main part of the label features a vertical scale of energy efficiency classes from A (green) at the top to G (red) at the bottom. A black arrow points to the 'G' class. Below the scale, the energy consumption is listed as "54 kWh/1000h". Underneath that, there is a section for HDR with a scale from A to G, and a black arrow pointing to 'G', with a consumption of "88 kWh/1000h". A diagram of the TV screen shows a resolution of "3840 Px" by "2160 Px", a diagonal size of "108 cm" (43 inches), and a "43°" viewing angle. At the bottom, there is a barcode and the number "50550074". The date "2019/2013" is printed vertically on the right side.
