The image shows a standard EU energy label for a Hitachi television. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt icon. To the right is a QR code. Below this, the brand name "HITACHI" and model number "75HAL7150" are printed. The main part of the label is a scale of energy efficiency classes from A (green) to G (red), with a black arrow pointing to class G. Below the scale, the energy consumption is listed as "155 kWh/1000h". Underneath, there is an "HDR" logo with a scale from A to G, also pointing to G, and the same energy consumption value "155 kWh/1000h". A diagram of the TV shows a screen size of 189 cm (75 inches) and a resolution of 3840 px by 2160 px. At the bottom, there is a barcode and the number "50551026". The date "2019/2013" is printed vertically on the right side.
