The image shows a standard EU energy label for a Hitachi 32HE2100 monitor. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and the model number "32HE2100" are printed. The central part of the label features a vertical scale of seven energy efficiency classes, represented by colored arrows pointing to the right: A (green), B (light green), C (yellow-green), D (yellow), E (orange), F (dark orange), and G (red). A black arrow points to the class "F". Below the scale, the energy consumption is listed as "32 kWh/1000h". At the bottom, there is a diagram of a monitor with its dimensions: 1366 Px width, 768 Px height, and a diagonal of 80 cm (32 inches). A barcode is located at the bottom left, and the number "50550111" is printed at the bottom right. The date "2019/2013" is printed vertically on the right side of the label.
