The image shows a standard EU energy label for a Hitachi monitor. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt icon. To the right is a QR code. Below this, the brand name "HITACHI" and the model number "24HAE2250" are printed. The main part of the label features a vertical scale of energy efficiency classes from A (green) at the top to G (red) at the bottom. The class "F" is highlighted with a black arrow pointing to it from the right. Below the scale, the energy consumption is listed as "22 kWh/1000h". Underneath, there is a section for "HDR" with a scale from A to G, where "F" is also indicated. Below that, the monitor's resolution is given as "1366 px" and its size as "60 cm 24\"
