ENERGIA / ENERGIA

Ooterežiimi energiatarbimine	0,5W
Tööpinge - sagedus	220-240V AC 50Hz
Heledus%	0,72
Plii (mg)	0
Elavhõbe (mg)	0
12V teler (mobiiltelevisioon)	No

The image shows a standard EU energy label for a Hitachi television. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt icon. To the right is a QR code. Below this, the brand name "HITACHI" and model number "32HAK2250" are printed. The main part of the label is a scale of energy efficiency from A (green) to G (red). The scale is marked with letters A through G, and a black arrow points to the letter "F", indicating the product's energy class. Below the scale, the energy consumption is listed as "32 kWh/1000h". Underneath, there is a section for "HDR" with a scale from A to G, also marked with "32 kWh/1000h". A diagram of the television shows its dimensions: 1366 px width, 768 px height, and a diagonal of 80 cm (32 inches). At the bottom, there is a barcode and the number "50551047". A small vertical date "2019/2013" is on the right side.
