The image shows a standard EU energy label for a Hitachi monitor. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and the model number "49HAK6151" are printed. The main part of the label features a vertical scale of energy efficiency classes from A (green) at the top to G (red) at the bottom. A black arrow points to the 'G' class. Below the scale, the energy consumption is listed as "69 kWh/1000h". Underneath, there is a section for "HDR" with a scale from A to G, also pointing to 'G', and the same energy consumption value "69 kWh/1000h". A monitor icon is shown with its dimensions: 3840 px width, 2160 px height, and a diagonal of 123 cm (49 inches). At the bottom, there is a barcode and the number "50550166". The date "2019/2013" is printed vertically on the right side.
