12V TV (mobiele tv)	No

The image shows a standard EU energy label for a Hitachi monitor. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and model number "24HAE2250" are printed. The main part of the label is a scale from A (green) to G (red), with a black arrow pointing to the 'F' rating. Below the scale, the energy consumption is listed as "22 kWh/1000h". Underneath, there is an "HDR" logo with a scale from A to G, also pointing to 'F', and the same energy consumption value. A monitor icon shows a resolution of "1366 px" and a size of "60 cm 24\"", with a height of "768 px" indicated. At the bottom, there is a barcode and the number "50551073". A small date "2019/2013" is printed vertically on the right side.
