<b>Luminantie %</b>	0,72
<b>Lood (mg)</b>	0
<b>Mercurius (mg)</b>	0
<b>12V TV (mobiele tv)</b>	Yes

The image shows an energy label for a Hitachi television. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and model number "32HE2201" are printed. The main part of the label is a scale of energy efficiency from A (green) to G (red). The scale is marked with letters A through G, and a black arrow points to the letter 'F', indicating the product's energy class. Below the scale, the energy consumption is listed as "32 kWh/1000h". Underneath that, there is a section for "HDR" with a scale from A to G, and a black arrow pointing to 'G', with a value of "45 kWh/1000h". Below the HDR section, a diagram of a television screen shows a resolution of "1366 px" and a diagonal size of "80 cm / 32\".
