The image shows a standard EU energy label for a Hitachi monitor. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and model number "FA32E4250" are printed. The main part of the label is a scale of energy efficiency from A (green) to G (red). The monitor's rating is F, indicated by a black arrow pointing to the 'F' bar. Below the scale, the energy consumption is listed as "32 kWh/1000h". Underneath that is the HDR logo with "32 kWh/1000h" below it. The monitor's resolution is shown as "1920 px" and "1080 px". A diagram of the monitor shows a diagonal measurement of "80 cm" and "32\"". At the bottom, there is a barcode and the number "50550550". A small date "2019/2013" is printed vertically on the right side.
