The image shows a standard EU energy label for a Hitachi H32E1001 monitor. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and model number "H32E1001" are printed. The energy efficiency scale is shown as a vertical bar with seven levels: A (green), B (light green), C (yellow-green), D (yellow), E (orange), F (dark orange), and G (red). An arrow points to level F, indicating the monitor's energy efficiency. Below the scale, the energy consumption is listed as "32 kWh/1000h". At the bottom, there is a diagram of the monitor with dimensions: 1366 px (width), 768 px (height), and a diagonal of 80 cm (32 inches). A barcode and the number "50549462" are at the very bottom. The date "2019/2013" is printed vertically on the right side.
