The image shows a standard EU energy label for a Hitachi monitor. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and model number "32HE2100" are listed. The main part of the label is a scale of energy efficiency from A (green) to G (red). A black arrow points to the 'F' rating. Below the scale, the energy consumption is given as "32 kWh/1000h". At the bottom, there is a diagram of the monitor with its dimensions: 1366 Px width, 768 Px height, and a diagonal of 80 cm (32 inches). A barcode and the number "50550111" are at the very bottom. The date "2019/2013" is printed vertically on the right side.
