The image shows a standard EU energy label for a Hitachi monitor. At the top left is the European Union flag and the word "ENERG" with a lightning bolt icon. To the right is a QR code. Below this, the brand name "HITACHI" and the model number "50F52HAK6150" are printed. The main part of the label features a vertical scale of energy efficiency classes from A (green) at the top to G (red) at the bottom. The class G is highlighted with a black arrow pointing to it from the right. Below the scale, the energy consumption value "71 kWh/1000h" is displayed in large font. Underneath, there is a section for HDR (High Dynamic Range) with a scale from A to G, where G is also highlighted, and the same value "71 kWh/1000h" is shown. A monitor icon is shown with its dimensions: 3840 px width, 2160 px height, and a diagonal of 126 cm (50 inches). At the bottom, there is a barcode and the number "50549581". The date "2019/2013" is printed vertically on the right side of the label.
