The image shows a standard European energy label for a Hitachi television. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and model number "43HK6100" are printed. The main part of the label features a vertical scale of energy efficiency classes from A (green) at the top to G (red) at the bottom. The class G is highlighted with a black arrow pointing to it from the right. Below the scale, the energy consumption is listed as "54 kWh/1000h". Underneath that is the HDR label, which includes a scale from A to G and the value "88 kWh/1000h". A diagram of the television shows its dimensions: a screen width of 3840 Px, a height of 2160 Px, a diagonal of 108 cm, and a viewing angle of 43°. At the bottom, there is a barcode and the number "50550074". The date "2019/2013" is printed vertically on the right side.
