POWER/ENERGY

Standby Energy Consumption	0,5W
Working Voltage - Frequency	220-240V AC 50Hz
Luminance %	0,72
Lead (mg)	0
Mercury (mg)	0
12V TV (Mobile TV)	No

The image shows an energy label for a Hitachi television. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and model number "32HAK2250" are printed. The main part of the label is a scale from A to G, with A being the most efficient (green) and G being the least (red). An arrow points to the 'F' rating. Below the scale, the energy consumption is listed as "32 kWh/1000h". Underneath, there is a section for "HDR" with a scale from A to G, also pointing to 'F'. Below that, a diagram of the TV shows a screen size of 80 cm (32 inches) and a resolution of 1366 px by 768 px. At the bottom, there is a barcode and the number "50551047". A small date "2019/2013" is printed vertically on the right side.
