The image shows a standard EU energy label for a Hitachi television. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and model number "43HAL7150" are printed. The main part of the label is a scale of energy efficiency from A (green) to G (red), with a black arrow pointing to G. Below the scale, the energy consumption is listed as "54 kWh/1000h". Underneath is the "HDR" logo with "54 kWh/1000h" below it. A diagram of the TV shows a screen with a diagonal of 108 cm (43 inches), a resolution of 3840 px by 2160 px. At the bottom, there is a barcode and the number "50551031". A small vertical date "2019/2013" is on the right side.
