The image shows a standard EU energy label for a Hitachi monitor. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and model number "50HAL7250" are printed. The main part of the label features a vertical scale of energy efficiency classes from A (green) at the top to G (red) at the bottom. A black arrow points to the 'G' class. Below the scale, the energy consumption is listed as "71 kWh/1000h". Underneath, there is an "HDR" logo with a scale from A to G, also pointing to 'G' and listing "71 kWh/1000h". A monitor icon shows a resolution of 3840 px by 2160 px, a diagonal size of 126 cm (50 inches), and a refresh rate of 50 Hz. At the bottom, there is a barcode and the number "50550522". The date "2019/2013" is printed vertically on the right side.
