The image shows a standard EU energy label for a Hitachi television. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and model number "32HE2201" are printed. The main part of the label is a scale of energy efficiency from A (green) to G (red). The scale shows that the product is rated F, indicated by a black arrow pointing to the 'F' bar. Below the scale, the energy consumption is listed as "32 kWh/1000h". Underneath that, there is a section for HDR, with a scale from A to G and the product rated "45 kWh/1000h". Below the HDR section, a diagram of the television shows its dimensions: a width of 1366 px, a height of 768 px, and a diagonal screen size of 80 cm (32 inches). At the bottom, there is a barcode and the number "50559079". On the far right edge, the date "2019/2013" is printed vertically.
