The image shows a standard EU energy label for a Hitachi 32HE2100 monitor. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and the model number "32HE2100" are printed. The central part of the label features a vertical scale of energy efficiency classes from A (green) at the top to G (red) at the bottom. A black arrow points to class F, indicating the monitor's energy efficiency. Below the scale, the energy consumption is listed as "32 kWh/1000h". At the bottom, there is a diagram of the monitor showing its dimensions: a diagonal of 80 cm (32 inches), a width of 1366 Px, and a height of 768 Px. A barcode is located at the very bottom, with the number "50550111" printed to its right. The date "2019/2013" is printed vertically on the right side of the label.
