The image shows a standard European Union energy label for a Hitachi monitor. At the top left is the EU flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and model number "24HAE2250" are printed. The main part of the label is a scale from A (green) to G (red), with a black arrow pointing to the letter "F". Below the scale, the energy consumption is listed as "22 kWh/1000h". Underneath that is a smaller version of the scale with "HDR" in a black box and "22 kWh/1000h" below it. A monitor icon shows a resolution of "1366 px" and a size of "60 cm 24\"/>
