The image shows a standard EU energy label for a Hitachi 49HK5600 monitor. At the top left is the European Union flag and the word "ENERGY" with a lightning bolt. To the right is a QR code. Below this, the brand name "HITACHI" and model number "49HK5600" are printed. The main part of the label is a scale of energy efficiency from A (green) to G (red), with a black arrow pointing to G. Below the scale, the energy consumption is listed as "69 kWh/1000h". Underneath that is a section for "HDR" with a scale from A to G, where the monitor is positioned at G, with a consumption of "100 kWh/1000h". A monitor icon shows a resolution of "3840 px" by "2160 px" and a diagonal size of "123 cm" and "49\". At the bottom, there is a barcode and the number "50550077". A small vertical date "2019/2013" is on the right side.
